nominated for Tournament Team this year.

If a player and parent state that he or she is eligible for nomination, player and parents understand that they are committing to additional financial and time requirements necessary for participation. ***The Tournament Team requires that player be available for practices and/or games several nights per weekend/or weekends from the end of May thru approximately the end of June.***

In addition, please understand:

- 1) The Tournament Teams season is an intense, highly competitive environment that is not necessarily conducive to equal playing time for all members of the team.
- 2) Some Tournaments only allow ten (those in the field plus a DH) players to bat and do not have "bat the lineup." They may or may not have a "Free" substitution rule as we have in CBA.
- 3) The amount of playing time, and in which positions, is up to the manger and coaches of the team.
